≡ C PACK SERIES ≡

Automatic Lined Carton Packing Machine

MODEL : C PACK 3000

C Pack 3000 is an Automatic Lined Carton Packing Machines with Multihead Weigh Fillers tailor made to suite customer requirements.

Carton erection sealing, filling and flap gluing are done automatically at an output speed of 30 to 45 packets per minute depending on the pack size and product characteristics.

Change over from one size to another size is possible with standard change parts, which extends the machine utility and enhance productivity.

Technical Specification

Output	Upto 45 packets / minute depending upon product and pack size .	
Man Power	One Operator	
Size Change Over	Possible	
Pack Size :		
Carton Dimensions - mm	Min	Max
Length	60	150
Width	22	108
Height	83	230
Machine Dimension	2.5 m X 3.5 m	
Electric Power	9kW, 440V / 50 Hz / 3 Phase	

Attachment • Multihead weigher with mounting frame.
• Take out pressure conveyor for cold glue setting used for flap gluing

Optional • Bulk hopper and material handling accessories
• Leaflet insertion devices
• Lid applicator
